

Solid Waste and Recycling Committee Charge

Committee revision 01/10/2023

1. Develop a comprehensive and long-term solid waste and recycling strategy that is environmentally friendly, appropriately funded, and balances the needs of our community. This strategy should model the [Massachusetts 2030 Solid Waste Master Plan: Working Together Toward Zero Waste October 2022](#), MASSDEP.
2. Develop and implement, with staff, plans that align with the “2030 Solid Waste Master Plan”. These measures should be designed to divert a significant quantity of solid waste to environmentally friendly processes.
3. Continue to encourage and educate about waste reduction and recycling efforts throughout the town.
4. Continue conversations with the Board of Health regarding rules and regulations governing the Transfer Station.
5. Develop a strategy to gather input from, and provide information to the community, as needed.
