### **WINTER WEATHER STORM RESPONSE**

The Department of Public Works has completed plowing operations following the recent winter storm. Major roads and municipal facilities have been cleared. Please be advised that a regional salt shortage is currently in effect. Neighborhood and secondary road treatment will be limited in anticipation of a potential additional storm this upcoming weekend.

Residents are reminded that the Department of Public Works maintains direct contact with the Police and Fire Department throughout winter storms to ensure emergency access.

After a storm, questions or concerns may be directed to the Department of Public Works at 508-760-6220. When leaving a message, please provide your name, address, phone number, and the nature of your concern. Calls and messages are recorded and addressed systematically.

The Town encourages all residents to follow winter safety guidance. More information is available here: [Winter Weather | Ready.gov](#)

I would like to thank Public Works, Public Safety, and Town staff for their professionalism and extended hours worked during hazardous conditions.
