Are there any other new facilities or programs you would support here in Dennis?

Comments on programs and facilities not under the jurisdiction of the Recreation Commission were forwarded to the responsible committee, e.g., beaches, golf, dog parks.

Dirt bike riding trails.

Outdoors venues during the summer

A place where young seniors can meet

A community center with various activities both for children, teens, and adults. Offer up volleyball, open gym times, cardio classes, a study space for tutoring, yoga, crafting classrooms, for rent or scheduled programs.

Community pool, but I know that's unlikely. Arcade/tween social space.

Better coordination with the Senior Center and CCRTA

As mentioned, protected area/facility for offseason softball and baseball hitting - additional covered areas for gatherings focused on eating and community

Too bad the Dennis tightwads voted down the expanded Senior Center to serve all ages. Harwich has a wonderful community center. Dennis missed the boat on this one because too many people are small minded & stingy.

I am hopeful that we can provide a facility/space for programs that support individuals in recovery from substance use disorders this program has been very successful in Falmouth and mid cape does not have a resource such as Wellstrong.

Sailing/boating lessons for all ages

Please build a skatepark! (4)

A YMCA or equivalent. Land was reserved for this next to the Dennis PD lets use it.

I walk 5 miles every day and there are NO public bathrooms 7 months of the year.....it's a real problem

An indoor swimming pool (5)

Walking groups with different locations throughout Dennis? Also indoor pickle ball during winter. (5)

Walking paths for seniors

Horseback riding

A true community center like Harwich which provides more options for all age groups as schools are closing or become further outdated

Community swimming pool, indoor basketball. I support mostly for the youth and families in our town.

More programs for seniors (3)

More affordable exercise programs for the older population

Better fitness classes at the senior center. There are much better classes at the Yarmouth senior center

Really wished the community recreation center passed. I don't have kids but I would like to see indoor space for the kids doing summer camp at Johnny Kelley so that they have room to play on rain days.

Dedicated dog park

Maybe art programs?

Platform tennis courts

No. There are great libraries and senior center

Swings, slides, rock walls, etc

Playground for older kids, skate park.

Tai chi or yoga in the park.

Community gardens.

How about a bocce court?

Walking paths, opportunities for baseball and softball, basketball, cornhole leagues for seniors, outdoor yoga and tai chi, community gardening, outdoor gathering opportunities for meals and community

There are enough parks. Dennis should not become more suburban.

Benches, flowers and perhaps structures for children

Seems to be lots of tennis courts, but not many basketball courts. Would love to see an outdoor street hockey court.

Indoor or outdoor partially covered skatepark

Another good baseball field; another basketball court

More green space with benches for everyone not just kids

Something more artsy, maybe cooking demos, painting events, etc.

Playgrounds with climbing structures, etc

I can only think of one walking trail in East Dennis, more parks and walking areas in general would be nice

Walking/hiking trails

Not sure. Parks need maintainable. This is expensive. Rather see those we have maintained well.

Exercise stations around a walking/running track

I think what we have is adequate.

Sitting areas

Whatever is fun

Gardening spots, general outdoor space, outdoor yoga (4), pickleball (5)

Any green space is great

More open and play space along with "outdoor" workout space.

Summer adult tennis league

Outdoor tai chi

Horseshoes

Running club

Farmer markets

Similar to Johnny Kelley that could be walked/biked to by adults and children.

Safe Dog-friendly walking areas and a real dog park like Barnstable or Yarmouth.

Walking parks, memorial bench and tree offerings (so many waiting, very heartbreaking)

A skate park would be amazing, it brings all age kids together in a healthy, active environment

Not so much parks, but perhaps new walking trails for exploration and outdoor enjoyment would be great. The parks in town are already very nice and there are several throughout the town so you're never too far from a playground or patch of grass.

As long as professionally designed
