## PROJECT INFORMATION

15. Project Concept: To preserve these ancient burial grounds of Dennis in their historic setting and maintain a respectful and safe environment for their visitors. They will forever need to be protected from the effects of the weather. Even though we survey and document the burial markers, once they are damaged beyond repair, they are no more. We must continue our stewardship to preserve our outdoor museum.

16. **Project Goals/ Objectives:** Our goal in this grant proposal install two new granite posts, four painted post rails, repair 107 fallen stones as a memorial to those buried in Dennis Village Cemetery. These stones do more than mark burials, they are "museum exhibits" offering a personal history of the deceased. Epitaphs give us insight into grief. The carved art is a tableau of religious spirituality and eternal hope. This cemetery, located in the heart of Dennis Village, is always open to the public and its historic significance is long documented.

Re: Town of Dennis Department of Public Works 2023 CPC grant application to repair & restore perimeter "post and rail" fence and specified burial stones at Dennis Village Cemetery

Chris Foley, CPC Chair and CPC members:

At a meeting of the Cemetery Advisory Committee on November 15, 2022, it was unanimously approved to enthusiastically support the above CPC grant application.

In 2002, a Preservation Master Plan for Dennis Village Cemetery was prepared by Walker-Kluesing Design Group as part of the cemetery's registration to the National Register of Historic Places. One of the plan's objectives was "To reconfirm the historic character of the cemetery through the appropriate use and restoration of fences, gates and edging."

Dennis Village Cemetery was laid out in 1728 along the Kings Highway and the Militia Training Field, adjoining the first meeting house of the East precinct of the Church of Yarmouth. The meeting house was removed in 1838 and in 1875 a brick receiving tomb, now a museum of burial traditions, stands in its place. The date of the original fence is not known, but a fence repair is noted in 1840 records. A "post and rail" fence is noted in 1870 records. When DVC expanded c1951, the new area was fenced. No repairs to the original "post and rail" fence have been made, resulting in degradation of its historic character and creating a potential public liability.

The 250<sup>th</sup> anniversary of the American Revolution will be celebrated in 2026. Dennis Village Cemetery will be a focal point, as we commemorate a boulder & bronze plaque at the Receiving Tomb gate, the first permanent memorial dedicated to the soldiers and sailors of the East Precinct of Yarmouth. There are 24 Revolutionary War veterans buried here, more than in any other cemetery in Dennis.

The Cemetery Division of DPW has thoroughly documented the work proposed. The need has been verified by a preservation planning and landscape architecture group. The project will be completed before a major memorial celebration. CPC has a long history of funding restoration of historic burial stones and cemetery fence. We ask you to approve this application.

Please let me know if you have any questions or would like further information.

Sincerely,

Diane Rochelle, Dennis Cemetery Advisory Committee Chair  
Terri Fox, Vice-Chair, Boni Heleen, Jane Stevens & Joseph Theroux
