APPLICANT BACKGROUND

12. *Brief Applicant history:*

The Dennis Historical Society, Inc. (DHS) was formed in 1963 to accept gifts of Dennis-related artifacts for use in the Jericho Historical Center that had been presented to the town in 1962. The Dennis Historical Society, Inc. by charter is an educational organization established to stimulate an interest in local history, to promote scholarly effort, to foster the continued collection and preservation of historical data and material, and to cooperate with individuals and other organizations having similar interest. Its mission is to preserve, promote and present the history of Dennis, Massachusetts.

DHS is a non-profit organization whose only sources of funding are membership dues, donations, book sales and occasional fund-raising activities. The Society annually hosts approximately a dozen public historical presentations and other functions. DHS owns most of the artifacts in and has oversight of three Town of Dennis owned museums, each of which is operated by their own committee and open to the public on regular published schedules (DHS Website, Dennis Chamber of Commerce Website, etc.). These museums are:

1801 Jericho Historical Center and Barn Museum. Built by Captain Theophilus Baker and gifted to the Town of Dennis in 1962. It is listed on the State Register of Historic Places. It is open seasonally several days a week from about the end of June to the beginning of September, for special events and tours.

1736 Josiah Dennis Manse Museum was purchased by the town in 1967 and completely restored in 2011. This is the original home of the first settled minister of the town. It is listed on the National Register of Historic Places, in the Massachusetts Cultural Resource Information System, and is covered by a Massachusetts Historical Commission preservation restriction.

The *1867 West Dennis Graded School* was restored in 2002. It is listed on the National Register of Historic Places, in the Massachusetts Cultural Resource Information System, and is covered by a Massachusetts Historical Commission preservation restriction.

The 1877 Rose Victorian in West Dennis. This historic Victorian home built by Captain Calvin F. Baker was acquired by DHS as the result of a 2013 bequest by Kathleen Roche. This bequest also includes a 1884 Barn housing the Gift Shop and associated outbuildings. DHS operates the Gift Shop on a seasonal basis and uses the home for meetings and functions as it continues to make necessary repairs to restore the property to its original splendor.

DHS maintains a comprehensive library at and under agreement with the West Dennis Public Library. DHS also sponsors programs of historical interest for DHS members and the general public and interacts with other Cape Cod historical organizations through its membership in the Cape and Islands Historical Association. DHS is also a member of the Dennis Chamber of Commerce.

PROJECT INFORMATION

15. Project Concept

Project Background

All Historical Societies function to preserve the history of their respective towns to “enhance the understanding of our nation’s past and its connection to the present, demonstrating that history is not just a series of events that happened to individuals long ago but is integral to the fabric of our daily lives”, as eloquently stated by the Massachusetts Historical Society.

More than ten (10) years ago the Dennis Historical Society (DHS) recognized that such preservation efforts by themselves were of limited use unless the items were made available to the public for viewing, research and all uses found of interest. The late Burton Derick had previously embarked on a personal multi-year effort to collect and digitize all of the written and photographic material pertaining to the history of Dennis that he could obtain. These efforts included DHS books and records plus those borrowed from many Dennis residents and from other sources. Digitization of Town records and additional materials by outside vendors and others have augmented his efforts, resulting in a substantial trove of historic material.

At that time, under the leadership of the late Peter Howes, the effort was organized to take the innovative high road to determine the best way to provide this expanding corpus of historical knowledge to the world at large. The result became the current *Searchable Digital Archive*. The Community Preservation Committee of Dennis, with great foresight, has funded this visionary effort, which has today resulted in the largest and one of the few publically searchable historical archive of any historical society in the state.¹ The support of the CPC has resulted in the Town of Dennis becoming the statewide leader position in providing its historical archives for the international public.

Data Ownership

Numerous disks of digital data and attendant catalogues of material were transferred to the Dennis Historical Society from time to time by Mr. Derick, with several copies delivered to insure data safety. This transferred ownership of those items to the Society. Any material not released remains the property of Dr. Derick’s estate. At the time when these DHS materials are processed for entry into the CPA-funded on-line archive, ownership of this material become subject to the conditions of the CPA contracts.

The Digital Archive web site names the support of the Town of Dennis with the following statement on the site’s home page: “Archive is funded by Town of Dennis Community Preservation Grants.”

¹ Based on the examination of 185 historical Societies listed in the *MassHome Directory of Massachusetts Historical Societies*.

Outreach and Supporting Volunteer Activity

- Dennis Historical Society has joined the Digital Commonwealth, a statewide consortium of libraries, museums, archives, and historical societies from across Massachusetts that provides access to photographs, manuscripts, books, audio recordings, and other materials of historical interest that have been digitized and made available by its members. We have applied to the Digital Commonwealth for an evaluation and inclusion of our archive. This has not been accomplished to-date due to the backlog of work by that organization. Most recently, DHS members have been invited to lend expertise and experiences to the Cape Cod Genealogical Society which is planning to digitize 100 years of "The Register."
- Separately, DHS funds the attendance of our Database Administrator at the periodic Digital Commonwealth Symposia.
- Out of over one hundred archive-related CPA projects to-date, there have been to approximately 40 similar grants for digital archive preservation in 19 cities and towns throughout the Commonwealth according to the Community Preservation web site. To the best of our knowledge, none of these have achieved anywhere near the results of this project.
- In order to increase awareness of the Archive, presentation(s) are planned for the DHS members and other interested parties that will explain the value of the Archive and the methods for successful searches.
- Once these presentation(s) have been created, the training material will be put onto the DHS web site for internet access.
- A DHS volunteer committee is being formed to assist in refining the index schema to be in full conformance to the Digital Commonwealth requirements.

Measures of Progress

The Archive currently contains over 15,000 individual items or titles. In October 2016, Longsight implemented Google Analytics on the Archive Database. This enables us to track and report search activity. Since October 2016, there have been over 250,000 searches from over a hundred countries worldwide. Since the start of 2017, there have been over 130,000 sessions worldwide and over 80,000 in the United States alone.

For more detail about the search and access statistics from around the world, see Appendix C

16. Project Goals / Objectives:

Objective of Proposed Program:

- Continue the growth of the Accessible Digital Archive. There is a steady flow of new material being added to the Archive. This proposal seeks to continue that effort along with whatever Archive changes and modifications are appropriate to the emerging digital archiving community, as we have done in the past. For instance, DHS newsletters, and Dennis Family genealogy information from donated family Bibles.
- Improvements to the Archive's digital platform occur as upgrades to the DSpace software are applied, at no cost to this program. These periodic updates introduce

improved features to the archive. These changes seek to improve features available to the public and to improve our cost structure.

- We hold periodic review meetings to review the rate of progress, plans and problems, establish data entry priorities and to coordinate and control the contract labor to avoid unnecessary expenditures. These meetings consist of both volunteer and Archive staff members.
- Changes to the published material are sought, welcomed and incorporated. For instance, identification of currently unknown buildings, locations and people, and dating material are areas of focus where we are seeking additional information.

The primary efforts for this year will be:

1. Continue to add items from the remaining original pool of documents already scanned and awaiting indexing, and to identify and preserve new materials for the archive.
2. Bring the DHS Archive into compliance with the latest standards, developed and implemented by the DPLA (Digital Public Library of America in collaboration with the Library of Congress) and the Digital Commonwealth. These new standards govern the preservation of historical documents on digital archives, and use new technologies, taking advantage of new features on the digital platforms. One of the most important of these standards governs the formatting of metadata for digitized material.
3. Enhance the discoverability of objects on the archive by the addition of finding aids and enhanced discovery tools.
4. Implementing Data Tags to group collections in appropriate categories.
5. Implement a controlled vocabulary, relating archaic terms, place names and family names to their modern equivalents for accessibility of data.
6. Addition other Dennis records from the Dennis Vault and/or private collections as deemed appropriate. For instance:
 - a. "Gifts and Grants" records from 1669-1706, as transcribed by Burt Derrick
 - b. "Proprietors Records" from 1710-1787, as transcribed by Burt Derrick

17. Describe any legal issues, ramifications, impediments about this project, if any. N/A

This proposal is for the period of performance commencing May 2018 to April 2019. Staffing at that time may well be different than now. While no personnel changes are anticipated at this time, we are aware that personnel changes may occur during the proposed program. If that does occur, we will seek to locate someone with the requisite computer expertise, training will be required, changing the efficiency dynamic during that period.

New staff will require training on both the methods for inputting data but more importantly on how to create the descriptive material, known as metadata, which uniquely identifies each separate item. This must follow carefully established rules. We are committed to ensure proper management, data protection, and transitional training as needs warrant.

18. *Describe how this Project accomplishes the goals and objectives of the CPA*

This project fully meets the goals and objectives “for the acquisition, preservation, rehabilitation and restoration of historic resources” as stated in Section 5(b)(2) of the Community Preservation Act: Enabling Statute – M.G.L. ch. 44B.

This Project also meets the goals and intent of History Sections 1, 2, 5, 6 and 7, in the document Town of Dennis Community Preservation Committee Application and Criteria.

The Town of Dennis Law Firm resolved that this Project meets the goal and objectives of the CPA and is legal thereunder.

19. *Describe how this Project is relevant to the current and future needs of Dennis*

Students, the curious and scholars worldwide can access the growing inventory and its data for research or casual interest. All of the archive (such as the extensive collection of Dennis photographs) is fully accessible and available to all from computers in homes, schools and libraries.

What impact will this have? Dennis students, residents, scholars and interested persons worldwide now have access to a much greater store of material concerning the history of their town.

The History section in the Town of Dennis Community Preservation Committee Application and Criteria really best summarizes the relevance of this proposed effort as (excerpted and condensed):

...protect, preserve, enhance, restore ... cultural... resources of significance;

...protect, preserve, enhance...town-owned properties (in this case antique records)...of historical significance;

...provide(s) permanent protection of the historic resource;

...identifies, preserves and enhances the heritage of the Town of Dennis;

and finally ...optimizes the use and enjoyment of the Town’s historic resources by residents and visitors.

20. *Describe how this Project relates to the Dennis Local Comprehensive Plan*

The Plan establishes goals and minimum performance standards for a town’s heritage preservation and does not specifically address the preservation of historical artifacts and documents.

However, we believe that this effort is fully in compliance with the goals of the Dennis Local Comprehensive plan, as preserving the historical material described herein provides that body and soul to the structures, open land vistas etc. that are specifically covered in that plan, and gives us that vital human face of Historic Dennis without which the rest would have no character.

20.a *Anticipated start and end dates of the project*

Start: May 1, 2018. End: April 31, 2019

PROJECT IMPLEMENTATION & BUDGET

21. *Total CPA Funding Request: \$46,462.50*

22. *Financial Plan & Discussion*

23a. *Financial Planning Discussion*

This grant application represents a decrease of \$15,275.50 from the 2015 application of \$61,738 and a \$11,775.50 decrease from the 2016 application of \$58,238.

FY 2019 Labor Input For May 2018 – May 2019

Project Staff	Hrs/Wk	Hrly \$	Tot. Wks.	Labor	Taxes	Total
Database Administrator	12	\$25.00	50	\$15,000.00	\$1,462.50	\$16,462.50
Archivist	20	\$20.00	50	\$20,000.00	\$1,950.00	\$21,950.00
				Total Labor & Taxes:		\$38,412.50
Category	Item					Cost
External Costs:	Longsight Group Hosting & Support					\$6,700.00
	Handle System License					\$100.00
	Digital Commonwealth Dues					\$50.00
	Fratus Accounting Services					\$1,200.00
				Labor & Taxes:		\$38,412.50
				Total Budget:		\$46,462.50

23b. *Project Staff* The expenses for employee labor above represents the maximum hours that will be expended. This level of labor hours is not guaranteed or warranted, and the actual number of hours may be less due to personnel factors not under our control. The ability to “catch-up” for hours missed is bounded by the limit of 29.5 hours per week average that can be expended per employee.

Mitzi Krueger is the technical lead and the project architect. Mitzi has substantial prior experience with complex databases, has the related substantial computer skills that are instrumental to the current progress of the project. She is the full time Circulation Manager for the Town of Yarmouth Libraries. We expect that she will continue on this program.

Chloe Kruger had supported this program in the past on a part to full-time basis. She is a fully knowledgeable and meticulous worker. Her future employment with the Archive is dependent on her future plans.

23c. *The Longsight Group* hosts our archive database software known as *DSpace*, plus provides training, troubleshooting, advice etc. *DSpace* software is used worldwide is routinely upgraded at no additional expense to all users. Modifications are periodically accomplished, and one is in progress at present. These upgrades improve the ease of use and features available to the user. Our ‘version’ of *DSpace* is unique to our contract and is a deliverable item if desired.

Part of the funding for Longsight is for technical support during batch processing. We have found that it is more time (and cost) efficient to accumulate dozens of archive inputs and to submit them for ‘batch’ processing rather than entering each one during an on-line session. The upside is that more labor is available for metadata (item identification) preparation. There is some support-hour Longsight charge for each batch process. Batch submissions are limited to minimize expenses, but this decreases the rate of new items appearing in the Archive. Put another way, there can be several months of effort with no new items added to the Archive, with several hundred appearing in the following month.

23d. *Handle System* - Controls naming conventions used in all archives

23e. Fratus Business Services handles all of the tax withholding and other payroll services involved with the employees on this Project.

23f. *Funding Administration & Reporting*

The Dennis Historical Society will administer the funds and will provide all of the reports agreed to under the Contract to be issued in response to this proposal.
