

## Advisory Letter

To: Licensed Septic Installers; Engineers  
From: Kristen Keller, Health Director  
Date: April 1, 2020  
Re: Engineer's Certification Letter while Town Building is CLOSED Until Further Notice  
CC: Paul Covell, Chairman, Board of Health

Please be advised that all septic inspections will need to be Engineer Certified **until further notice.**

Until further notice, soil tests will not be witnessed by Health Department Staff.

If you will be conducting a soil test, please note that **all soil tests will require an active trench permit and fee prior to the soil test being conducted.** Please submit a complete trench permit application, along with trench permit fee of \$50.00. Soil Test fees will not be collected at this time.
